SAN JACINTO

FIRST BATCH OF OSTRICHES ARRIVES

Large Crowd Witnesses the Work of Transferring the Big Birds to the New Farm—Other Notes.

[Enterprise Special News Service] SAN JACINTO, April 10.—The ostriches which have been expected to arrive for the past few days finally reached here yesterday afternoon. They certainly received a royal welcome, as a crowd was waiting at the depot to see the birds. About 100 came on the special freight, and they were unloaded and put into large vans made for the purpose and taken to the mesa. The ranch has just been completed and has a fence around the place six feet high of Page fencing wire. This ranch will be a very valuable acquisition to San Jacinto. Mr. Valley, manager of the Cawston Ostrich farm, came up from Pasadena to superintend the transfer of the birds and Mr. Vaicher, local manager, was also here to assist.

Four cars a day will be shipped in until the entire 700 birds destined for San Jacinto arrive.

At the meeting of the board of trustees held Tuesday evening, Mark Worden resigned his office as trustee, and F. B. Record was elected to fill the vacancy. Mr. Worden has moved outside the incorporate limits, hence his resignation.

Mr. and Mrs. J. M. Keen were down from Keen's Camp on Wednesday. Mr. Keen is just recovering from an accident; this being one of a number of accidents he has had on the grade between Valle Vista and the camp. The camp will soon be open for business and if the present weather continues, guests will be arriving before the camp is formally opened.

Superintendent Stanley received word this week that another appropriation of \$2000 had been made for the work here, this making \$7000 which has been allowed by the government for installing the irrigating plant at Soboba, and will be the means of putting a large acreage of land there under cultivation, thereby making the Indians independent.

Judge F. M. Sallee, who has been so critically ill for the past week, is thought to be out of danger now.

Messrs. Munn, Newenham, Hicks and Middlecoff have presented the W. C. T. U. fountain committee with a town lot for the benefit of the drinking fountain. This lot will be sold at auction and the proceeds applied as indicated.

J. Z. La Rue, who was lineman for the Southwestern Home Telephone company for several years, has come from Redlands to assist here for a short time.

The sixth annual convention of the Riverside County Woman's Christian Temperance Union will be held here in the Congregational church Tuesday, Wednesday and Thursday, April 13, 14 and 15. The entertainment committee plan to serve hot drinks with noon lunch Tuesday, Wednesday and Thursday at the Congregational church. Considerable time and effort have been spent arranging for this convention, it being the first convention held since San Jacinto went dry. The dedication of the fountain will be of no small importance, and the entire convention will no doubt be the best affair of the kind held here.

E. J. Anderson, manager of the Southwestern Home Telephone company came over from Redlands Thursday to look after business here.

The Eastern Star held its regular meeting in the Masonic hall Thursday evening. Three new members were initiated into the mysteries of the order, after which ceremony a banquet was served.

The Eastern Star will give their annual ball on Monday evening in the new Masonic hall, the proceeds of which will be used to furnish a part of the hall.

W. K. Thompson, a rancher was down from his home in the San Jacinto mountains yesterday.

Roy Mead has just completed a well for W. C. Wilder. It is 223 feet deep, with 6-inch flow, and a 20-foot pressure. This only adds another to the long list of fine wells bored here this spring.

COVER THE COAST

Tourist for 1909

This is the Type "H" 1909 Tourist

5 Reasons Why Tourists are the Logical Cars for Coast Buyers

- 1—Built for Coast Conditions** Conditions on the Pacific Coast are entirely different from conditions in the East, where Eastern cars are made. Tourists are made specifically for coast use—by men who know coast conditions.
- 2—Guaranteed by Home Factory** Every Tourist is covered by the broadest possible guarantee—by a factory right here at your home, within your personal reach.
- 3—New Parts Easily Secured** Any new Tourist part can be easily secured right here at the Tourist factory—without the inconvenient delay and expense of sending two or three thousand miles for it.
- 4—No National Advertising** Tourist's territory is compact. Tourists are made for this coast and this coast only—and therefore have no national advertising for which you pay your pro rata part when you buy an Eastern car.
- 5—Low Freight Rates** The freight rates we pay are on raw materials only—which are far less than Eastern makers must pay on their finished cars. You save the difference—a big difference—when you buy a Tourist.
