

CLOCKS TURN BACK WEEK FROM SUNDAY

President of National War Garden Commission Says 109,863 Years' Time Has Been Saved Since Daylight Saving Law Went Into Effect

Goodbye to the extra hour of daylight on October 27, some time after midnight. It will return on the last Sunday in March, 1919 with the simple operation of adjusting the hands of the clock. Now do not make any mistake about it; for here is the law:

That at 2 o'clock ante-meridian of the last Sunday in March, each year the standard time of each zone shall be advanced one hour, and at 2 o'clock ante-meridian of the last Sunday in October in each year the standard time of each zone shall, by the retarding of one, be returned to the mean astronomical time of the degree of longitude governing each zone, respectively.

Many hooted the plan to move the hands of the clock, but a lot of things have been hooted and the American people like to be shown. Senator William M. Calder of New York, who sponsored the bill in the senate, makes the statement that the Washington Gas Light company reports the people of the District of Columbia saved not less than \$60,000 on their gas bills. The senator says this indicates a saving of two million dollars to the entire country. Here is what the New York senator thinks of the value of the daylight savings law:

Saved Million Tons of Coal
"The daylight savings law has more than fulfilled the prophecies of its advocates. It has really turned one hour of night into day. People live by the clock. They rise in the morning by the clock, they eat their meals by the clock, and go to bed by the clock, so that during the time this law has been in operation a vast majority of the people of this country have been awake one hour more of daylight and asleep one hour more of dark than they were formerly."

"This additional hour of daylight has been most helpful to the men, women and children of the nation who have taken advantage of it to plant war gardens, thereby not only relieving the strain upon the farm but to a very considerable degree tending toward economy in family expenditure. It has also saved 10 per cent of the money formerly spent for this purpose. In addition it will during the seven months of operation this year save at least one million tons of coal. It has afforded in the construction of antonments for our army, in the manufacture of munitions and war supplies of every character and in the building of ships one more hour of daylight for the men engaged in those industries. Without question this bill has been more helpful in the great war work in which this nation is engaged than any other one thing."

109,863 Years' Time Saved
Senator Calder is not alone in realizing what the law has done for the country which by the way is the last great nation in the world to adopt the system. Charles Lathrop Pack, president of the national war garden commission, gives a great deal of credit for the great war garden record of 1918 to the daylight savings law. According to estimates by the commission the war garden crop this year is worth \$25,000,000. This is an increase of 51 per cent over that of 1917. The commission's survey shows that 3,285,000 home food producing plots were planted. With 26 working days in each of the seven months you have 182 extra hours of time. If only one gardener worked this extra hour of time in each plot it will be seen that 961,870,000 hours of extra time were added to the country's wealth. Since there are 8760 hours in a year you will find the staggering total of 109,863 years of 24-hour days.

PERRIS NOW HAS BOARD OF HEALTH

Red Cross Auxiliary in Need of Workers to Complete Important Quota. Will Remodel Hotel—Death of Brother—Personals

[Daily Press Special News Service] PERRIS, Oct. 18.—The board of city trustees met in adjourned session Monday evening and appointed a board of health as follows: Chairman, George G. Hibbard; R. N. Hatch, Mrs. A. W. Hook, Mrs. M. L. Mapes and Dr. J. W. Reese, health officer.

Ranch Improvements
Gus Alquist has the contract for making and laying 9000 feet of 10, 12 and 14-inch irrigating pipe on the Eschbaugh alfalfa ranch north of town.

Helpers Needed
There is an urgent call from the chairman of the Red Cross branch for help to complete 50 pajama suits by October 30. These garments can be taken home to be made and may be procured by calling at the Rooms Thursday afternoon and Friday and Saturday evening.

Will Join Debaters
Harlin Martin and Ralph Harmer of the high school were delegates to the Citrus Belt Debating League held at Colton Saturday. The league is composed of nine schools and the local school debates with Colton and Riverside on the question: "Resolved, that after the war the railroads be returned to the owners." The local boys will uphold the affirmative at home and the negative in Colton.

Will Remodel House
J. C. Donaldson has purchased the Brum property on Seventh street and will make it his home. He has had the house remodeled and improved and will take possession in the near future.

Death of Brother
Word was received last week by Mrs. A. F. Hardy that her brother died October 3 at Cotooncook, N. H., of Spanish influenza.

Perris Personals
Mrs. Mary Harrington and Mrs. C. H. Cowles enjoyed a short visit the past week from Prof. and Mrs. H. W. Hawkins and son of Upland.

Gladstone Bell, who is attending the U. S. C. training school in Los Angeles, spent the week-end with his parents, Mr. and Mrs. Jim Bell. He was accompanied by his friend, Elmer Riley.

Harry R. Schroeder of the Central garage enjoyed a visit Wednesday from his parents, Mr. and Mrs. E. H. Schroeder, and sister, of Los Angeles.

Mrs. Willis Higby and daughter Beverly have returned from a week's visit with friends in Redlands.

Mrs. M. C. Hendricks has as her guest, Mrs. Catherine Perry of Los Angeles.

Mr. and Mrs. A. W. Leavitt of Riverside spent Tuesday with their mother, Mrs. Clara Leavitt.

Henry R. Blagg and mother, Mrs. Sue Blagg, have returned from a short visit with relatives in Pasadena.

Mr. and Mrs. Harry P. Merigold have as their guest their sister, Mrs. Anna R. McBride.

Mrs. P. M. Mapes, who has been seriously ill the past week with Spanish influenza is reported improving.

HIGHGROVE

Former Pastor Will Leave Soon for New Work—Lieutenant John Suddall Visits Home—Epidemic Sufferers Improving—Personal Mention

[Daily Press Special News Service] HIGHGROVE, Oct. 19.—Mrs. Harry Ready and baby of Long Beach are visiting Mrs. Ready's father, John Strand. Mr. Ready enlisted some time ago and is at the naval training station at San Diego.

FEEL MISERABLE FROM THAT COLD?
Colds and coughs are quickly relieved by Dr. King's New Discovery.
Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and \$1.25.

Make Your Bowels Behave
Make them function with gratifying precision. If constipation of the gut does not relieve your torpidity Dr. King's New Life Pills will. They are perfect bowel regulators, cleanse the system surely, comfortably. 25c.

SAN JACINTO BOY ILL AT M'DOWELL

Chester Tripp, Recently Sent by Board Two, Seized with Critical Illness Soon After Arrival—Automobile Destroyed by Fire—No Influenza Reported—Not Guilty of Starting Fires

[Daily Press Special News Service] SAN JACINTO, Oct. 19.—A telegram from Fort McDowell hospital Thursday contained the information that Chester Tripp of this place was critically ill. Although no details were given in the message it is said the young man has contracted pneumonia as an aftermath of an attack of Spanish influenza.

Young Tripp is the son of Orza C. Tripp, and left here for the San Francisco camp only a few weeks ago with a quota of limited service men from this district. His friends and relatives hope that he will recover, although the tenor of the telegram was such as to give the understanding that his life was despaired of.

No "Pin" Cases
San Jacinto has so far escaped from an epidemic of Spanish influenza and there are at present only two or three cases of the mildest form of the disease. It has not been found necessary to prohibit public meetings as yet, although at the first signs that the influenza is likely to gain headway here such action will be taken.

The Woman's Club, however, has decided to postpone all of its meetings until the epidemic throughout the state has subsided, and as a result the meeting to have been held this Friday was canceled. Other organizations are likely to take similar voluntary action, it is believed.

Not Guilty Is Verdict
V. Earl Proctor was acquitted in the local justice court of charges that he had caused the recent brush fire in Indian canyon by being careless in extinguishing a blaze he had kindled to smoke out bees on his ranch in the canyon. The complaint was brought by the local forest rangers, and many people were called to the witness stand by both sides. The hearing began at 10 o'clock, but it was after 4 o'clock in the afternoon when the evidence was all heard and the verdict of not guilty rendered. Proctor proved to the satisfaction of the jury that he had totally extinguished the fire he had used and that it could not have been re-kindled by the breeze and so started the brush fire, as the rangers alleged. The fire in question occurred on September 28 and 29 and burned over a considerable acreage, the forest rangers being assisted in quelling the flames by a large number of men from San Jacinto and Hemet.

BANNING ALMOND SEASON EXTENDED

Large Crop Responsible for Length of Hulling Season—Very Few Cases of Prevalent Disease—News and Personal Items

[Daily Press Special News Service] BANNING, Oct. 19.—The almond hulling season is extending later into the fall than usual due to the large crop of nuts. Some of the small establishments have finished work this week, but the Banning Almond Hullers and C. O. Barker's hulling machines are still working full capacity. So far the Banning Almond Growers' association, of which R. H. Coombs is manager, has shipped 35 car-loads of nuts to different eastern points.

Few Flu Cases
The Banning cases of Spanish influenza of the real variety are confined to a small number and are being isolated. No deaths have resulted so far, although a number of cases of pneumonia are reported. It is not considered necessary to close the schools, although children coming from homes where grip symptoms or cases are existing, are being excluded. A large number of the usual fall colds are noticeable and people who are sneezing or coughing are asked to keep away from public gatherings. There is no sign of "panic" here though, and the situation is nicely under control.

Son Ill in East
Word has been received by Mr. and Mrs. J. B. Smith of the serious illness in a Pennsylvania camp of their son, Sam Smith, who is in the aviation service. Spanish influenza and pneumonia are the causes of his illness, but hope for his recovery is still held. Mrs. Smith has three sons in the service. Robert Little, a corporal in Company M, 160th infantry, in France; Paul Smith, a lieutenant, recently sent abroad, and Sam Smith.

Local News Notes
Mrs. Holwell has accepted the position as postal clerk made vacant by Miss Ruth Reid, who recently went to Seattle.

Mrs. Richard Lane and daughter of Los Angeles, have leased the Harry Holcomb bungalow on North St. Geronimo, and will remain here during the absence of Dr. Lane, who is a dental surgeon in Uncle Sam's service. Dr. Lane is a brother of Mrs. L. M. Ryan of Banning.

Mr. and Mrs. Harry Holcomb are leaving next week for Los Angeles to be gone indefinitely. Mr. Holcomb's position in the First National bank has not yet been filled. Both Mr. and Mrs. Holcomb will be missed greatly in lodge, church and Red Cross activities.

Geo. L. Wing has been honored by being again chosen president of the County Chamber of Commerce.

C. D. Hamilton left Thursday for San Francisco to attend a meeting of the executive board of the California Almond Growers' association.

The death of Charles Obar occurred October 15, at his home on Fourth street. Mr. Obar has been a resident of Banning for several years, suffering from tuberculosis. His sister, Mrs. J. W. Decker, and a brother, Marcus Obar, were with him. Funeral services and interment will take place in Santa Ana.

HEMET RED CROSS BRANCH IS ACTIVE

Shop Develops Into Important Department—High School Girls Organize Into Active Body—Women Send Jam to Camp—Personals

[Daily Press Special News Service] HEMET, Oct. 19.—The quarterly meeting of the local Red Cross branch has been postponed from October 19 to Tuesday, November 19, on account of the prevalence of Spanish influenza.

No work has yet been received at the Red Cross work rooms, but when it does come a prompt and full attendance will be urgently needed. Hemet has a quota of 1000 pajamas assigned to it, and these must be finished by October 31.

The Red Cross shop has become a highly important industry, as is shown by its proceeds from the salvage department, which have purchased materials for hospital garments and supplies of all kinds. The shop has received a very gratifying report from the Riverside shop of the profits from its summer sales.

Sold 12 Sacks Pits
Twelve sacks of peach pits were sent to Riverside headquarters this week by the salvage department. By courtesy of the fair committee, Mr. Kelley of Hemet delivered the sacks on his trip after the Hemet exhibit. One of these sacks was collected by Edna, Myrtle and Marvin Johnson. Two sacks of splendid walnut shells, the donor unknown, were contributed and sent to Riverside.

The local shop is asking for clean, unrumpled newspapers and glazed paper magazines. The newspapers are put in bundles and sold to the local merchants.

Send Jam to Camp
Mrs. F. G. Weltemeyer's generous gift of fruit and her own personal effort resulted in 55 quarts of apple and quince jam for the Red Cross. This fine collection was sent to the Camp Kearny hospital.

Individual donations have also been received, amounting to 16 pints of fruit and 11 glasses of jelly.

Little Lake church will furnish the cooked food for Saturday's sale at the shop.

Takes Long Sail
S. I. White of Hemet has sailed for Valparaiso, Chile, according to a letter received by Mrs. White. He is aboard the ship Barabosa and from Valparaiso he goes around Cape Horn and thence to New York, his destination.

High School Notes
The girls of the Hemet union high school met Wednesday and formed an organization to be known as the "girls' association." Officers were elected as follows:

President, Jennette Rideout; vice president, Edna Huekaby; secretary, Lois Bear; treasurer, Lillian Blair.

Since the state debating league has been discontinued, the Citrus Belt league was extended with the object of including many more Southern California schools. Membership was offered to the Hemet union high school, and the student body consequently voted to join. Two representatives were sent to the meeting of the league at Colton Saturday.

For Exchange Only
The Hemet library will be closed except for the exchange of books until further notice from the health board. Books may be exchanged week days, between 10 a. m. and 5 p. m. The library will be closed all day Sundays.

Real Estate Deal
Dr. G. H. McFarland has traded his Colton orange grove and property in West Riverside for an apartment house property in Garvanza. He went to Los Angeles Tuesday to complete the deal.

The executive board of the Baptist church held its first fall meeting Monday evening.

ARLINGTON BRIEFS

It was a shock to the Arlington people to learn of the death of one of the most stalwart young men of this vicinity, David Henry Parker, who died on Wednesday after a severe attack of Spanish influenza. Mr. Parker is the brother of Mrs. Elythe Parker Burch, and of L. A. Parker of Arlington, and besides he is survived by his wife and grandmother, Mrs. Westerfield, who has just arrived from Porterville. The bereaved relatives have the sympathy of many near friends.

Red Cross Notice
Notice is hereby given that the annual meeting of the Arlington Red Cross auxiliary which was to have been held last evening, will take place November 19.

A committee has been chosen from the ladies of the Arlington Red Cross auxiliary to render assistance to victims of the Spanish influenza, who may be in need of help. The committee is prepared to supply anyone with necessary Red Cross materials, and to give any possible information.

New Pastor Here
Rev. and Mrs. M. W. Beckwith, and Miss Sylvia Beckwith departed Friday for Riohta, where Rev. Mr. Beckwith will assume his duties at the Methodist parsonage.

Rev. David Douglas of Los Angeles is here with his family, and expressed himself as being pleased with Arlington. He has been pastor of the Florence Methodist Episcopal church in the association. Officers were elected as follows:

President, Jennette Rideout; vice president, Edna Huekaby; secretary, Lois Bear; treasurer, Lillian Blair.

Utility Trailers

"REDUCE DELIVERY COSTS"
CARRYING POWER WHEN UTILIZED ALONE MEANS WASTE.
Trailers Consume the Power Which Ordinarily Goes to Waste

UTILITY Trailers are not wagon construction. Frames are made of highest grade angle steel. Axles are of motor truck type. Bearings are high speed, double roller or ball, auto type. Tires are solid rubber, motor truck type. Spring, semi-elliptic. Trailers are all standard tread and track perfectly at any rate of speed.

UTILITY Trailers are today solving the hauling problems for Stages, Brick Yards, Cattlemen, Bakers, Lumbermen, etc.

UTILITY Trailers have been adopted as standard equipment by practically every large Western corporation.
